These people have been the behind the scenes people for at least the last two years, and have been consulted on every issue pertaining to the festival. If you have questions or concerns you need to bring them to our attention.

I trying to use a clean slate of judges for next year, and if you have any suggestions, feel free to let me know. As you know, a middle of the week festival presents some problems with hiring, and I have some judges that have expressed concerns about being in certain Centers. This has caused some issues with the rotation of those judges. The best solution I can come up with is to not use those judges on a yearly basis.
